### **Aluminum Can Tab Collection Report for 2019 Synod Assembly**

Our congregations across Upstate NY Synod did another great job of collecting can tabs. We actually collected six (6) more pounds than we did in 2018. To give you an idea of how many can tabs that actually equates to, here is some aluminum can tab math trivia:

- 1400 can tabs equals a pound
- We collected **439 pounds** in 2019, so that equals 614,600 can tabs (433 lbs were collected in 2018 to equal 606,200 tabs)
- The recycling price for aluminum this year was **\$.32** per pound (\$.445 per pound in 2018)
- That equals **\$140.48** for 2019.

The Synod Assembly Planning Team decided to send the proceeds from this year's project to the Public Interest Law Center, in Philadelphia, Pennsylvania in memory of Barbara Christine Macholz Grimaldi.

Many thanks to all of the congregations across the Synod.  
-Gary Roller, Synod Assembly Planning Team
